Budget Memo

Budget for the Garden City Public Library

For the fiscal year ending June 30, 2024
Public Hearing: May 09, 2023
Approved and Adopted: _____

The Garden City Public Library's (Library) budget is comprised of two (2) funds: Building Fund (471); and operating General Fund (101). Each supported by its own millage. The proposed budget for the Library for the fiscal year ending June 30, 2024, appropriates \$657,677 for General Fund operating purposes, and proposes levying both the 0.9426 (Library Building) and 0.9141 (Library Operations) voter approved Millage rates as reduced by Headlee (1.8567 total mils), estimated to yield \$1,223,800 (\$621,293 and \$602,507 respectively).

SUPPORTIVE DETAILS

To provide more guidance and administrative control over the appropriation, we offer the following breakdown.

471 Library Building Fund

The two sources of revenue for the Building Fund (471) are local property taxes and interest. Total revenue is estimated at \$622,293. The Building Fund has no budgeted appropriations. These funds are committed to eventually be used for the costs associated with designing, constructing, and furnishing the new Library building. This is a "Committed Fund".

CHANGES

Significant changes to this year's budget include a renumbering of accounts to be in better compliance with the Uniform Chart of Accounts. Since the Library is no longer included in the City's Budget, the Uniform Chart of Accounts dictates that the Library's operating fund be classified as a "General Fund". Instead of beginning with 790-, these accounts will begin 101-. Furthermore, it was determined that expenses for digital collections (eBooks and other downloadable content) do not represent a capital outlay. Therefore, a new account number for Digital Collections was created under Operating Expenses. The Library does not require the same level of detail as the City's budget. So, some revenue accounts have been combined for simplification. Tax revenue is a prime example. Likewise, the distinction between office, copier, and operating supply expenditures is not sufficient to warrant separate budget accounts.

Other significant changes include: a pay increase of 5% for all staff; and small increases for Library Programs, supplies, TLN Automation, Meetings/Conferences/Workshops, and professional memberships. Legal Fees were reduced because we are cautiously optimistic that a settlement agreement with the City will be reached.

Under the terms of our new lease, the Library's rental fee includes all utilities, exterior maintenance, and liability insurance related to the premises. So, no expenses are budgeted under utilities etc. Contractual – Payroll is now included with the Audit under "Financial Services". Education & Training expenses are lower this year as we do not anticipate any tuition reimbursement requests.

Contributions to the Designated Account (for costs associated with the design, construction, and furnishing of a new or renovated Library Building) have been increased to \$36,220.

REVENUE

The sources of revenue for the Library's General Fund (101) are local and state sources. Local sources total \$630,107, of which \$602,507 are from taxes. State sources include State Aid to Libraries totaling \$27,570. Total revenue is estimated at \$657,677.

EXPENDITURES

Total expenditures budgeted are \$657,677. Personnel expenses account for 64% of the total or \$417,690. As mentioned above, Digital Collections have been moved from Capital Outlay to Operating Expenditures. Even so, Operating expenditures are only \$36,279 or 6% of the total. Professional/Technical expenditures are budgeted at \$167,058, or 25% of the total. Capital Outlay accounts for \$35,650, or 5% of budgeted expenditures. Miscellaneous Expenditures make up less than 1% (0.15%) of the budget.

The proposed expenditures are therefore as follows:

Expenditures:

| Personnel: | \$ 417,690 |
